

Tom Moore Platform:

I am running for President on the following platform:

1. more events, better events. I think we need to be a force in the Democratic party rather than an after-thought. I plan to get people like Doug Gansler, AG, who has already showed up at other events with me, as well as Congressman Ruppertsburger, and others to come to events. I wish to have a special event with former Governor William Donald Schaefer, who I have dinner with regularly
2. recruitment. I want to establish a "go-to schools" plan in which we recruit new members at local colleges. We cannot be successful if we don't have more members
3. TV/Radio ... I wish to establish a weekly press release with our communications director in which we get on talk shows and on TV shows, and are quoted in papers
4. Central Committee... everyone knows that to win elections, you need to start on the Central Committee. I want us to hold a Central Committee forum for candidates who want to run for Central Committee and help them with this.
5. Team Approach.... use our connections to attend fora in Annapolis and get meetings with key delegates, senators, and possibly even the Lt. Governor. I want us to be able to be a force in Annapolis so that our views are represented, and to lobby for more funding for YDA to help us
put on better events
